EXPERIENCE

FRONTEND DEVELOPER | EdTECH INNOVATE PVT. LTD.

Feb 2024 – Current | Onsite, Noida

- Developed and maintained **responsive websites** using React.js, JavaScript, Bootstrap, HTML5, and CSS3, ensuring seamless user experiences across devices.
- Performed development, debugging, and **optimization** to reduce LCP and FCP, resulting in an **approx. 26% increase** in page speed and improved **SEO rankings**.
- Utilized React.js to build dynamic, **reusable components**, improving development efficiency and scalability.
- Collaborated with UX design teams to translate **wireframes and prototypes** into functional and user-friendly web pages.
- Worked closely with backend developers to **integrate RESTful APIs**, ensuring efficient data flow and seamless application functionality.

REACTJS DEVELOPER INTERN | MENTORSITY

Sep 2023 - Jan 2024 | Remote, New Delhi

- Acquired proficiency in React Js, enhancing the interactivity and efficiency of web applications. Designed and developed **page layouts, custom navigation, animation buttons**.
- Designed and implemented modern **UI layouts using Tailwind CSS**, enhancing visual appeal and user experience.
- Integrated **React-Fast-Marquee** and **Swiper libraries** to create seamless sliders and marquees for interactive content.
- **Optimized website performance** by compressing images and minifying JavaScript and CSS files, **reducing load time** and improving Google PageSpeed Insights score by **20 points**.

PROJECTS

QUICKBUY (ECOMMERCE WEBSITE) | REACTJS, REDUX, FIREBASE, BOOTSTRAP,

JAVASCRIPT

Jul 2024

- Implemented **Firebase Authentication** for secure **user and admin login and registration**. Integrated **Firebase Firestore** for **real-time database management** of products and user orders.
- Designed **admin panel functionalities** allowing product management, including adding, updating, and deleting products.
- Utilized **Redux Toolkit for state management**, ensuring efficient data flow between components. Focused on **responsive design with Bootstrap** to ensure cross-device compatibility.
- Built **user-facing features for viewing, ordering, and adding products to the cart**, enhancing the user shopping experience.

QUIZGENIUS | REACT JS, MATERIAL UI, JAVASCRIPT, HTML5, CSS3

Oct 2022

- Enhanced user experience with **dynamic category selection**, customizable **difficulty levels (easy, medium, hard)**, and a **scoring system** to display total scores at the end of quizzes.
- Improved data integrity through **input validation** and user-friendly error messages for empty fields.
